JUNTOS is Portuguese for "Togetherness"

JUNTOS! Tsushin Newsletter

2015.9.23 No.7

Let's all help in the city recovery!
Basis for regional reconstruction:

"JUNTOS" Project

"JUNTOS" Project provides support for the recovery to everyday life. You can also come to our office for consultation, and also to borrow tools for clean up.

~ "Togetherness" is the feeling that unites all the nationalities into one

Topics ~Latest News~

「Inquiry & Consultation for Housing of those affected by Typhoon#18」

In the Feature section of 「JUNTOS Tsushin Newsletter No.6」, it was mentioned that those who want to participate in the consultation services (which can lead to either temporary repairs provided by the city, or relocation to free public housing), should satisfy two conditions - (1) apply & receive "Risai" certificate 『り災証明書』 and (2) housing has suffered considerable damage and now facing hardship. However, as a clarification, it is not necessary to receive the "Risai" certificate prior to participating in the consultation services. Ideally, "Risai" certificate should be applied prior to the consultation service, but even those who have not, should feel free to participate in this consultation.

■Event Name: 「Inquiry & Consultation for Housing of those affected by Typhoon #18」
